ANALYSIS:

The most concentrated, universal and durable

fertilizer ever offered to the farmer—combining all the stimulating qualities of Peruvian Guano, and the ever durable fertilizing properties of Bones. In fine dry powder, prepared expressly

for drilling.
After NINETEEN YEARS' experience by

the farmers of Maryland and Virginia in the use of "Excelsior," it is their unanimous opinion that an application of 100 pounds of "Excel-

sior" is equal to from 200 to 300 pounds of any other fertilizer or guane, and therefore fully 100

Per cent cheaper.
